

Literacy:

This half term we will be looking at fiction and non-fiction. The children will be learning and retelling a number of fiction stories and looking at information texts to create their own instructions. They will be using their imagination and English skills to finally write their own fiction and non-fiction piece.

Numeracy:

This half term we are going to be looking at using a variety of different maths skills to further the learning of place value and number, time and money.

Science:

This half term we are going to be learning about everyday materials, identifying materials, describing simple physical properties, performing simple tests to find suitable materials and grouping objects according to their properties. Children will learn about everyday materials through practical activities and investigations.

R.E:

We will be learning about Jesus the leader and the parables. We will be looking at the story of the Good Samaritan and reflecting on how we can help others.

Year 1
Miss Duggan
Curriculum Overview
Term: Spring 1

Music:

This half term the children will be learning to use their voices to sing. They will be looking at how to control their voice to create expression in the music.

PSHE/ GAPS:

This half term we will be looking at staying safe and keeping healthy.

These are the areas of the curriculum your child will be studying this half term. If you have any relevant experiences or expertise which you can share with the children please let us know.

P.E:

This half term the children will be participating in team games. They will be working on balance and agility to develop simple tactics.

History/ Geography:

This half term we will be learning about our local area. We will be looking at aerial images and map work skills to identify what makes a good map in order to create our own. We will be using key places such as school to discuss location.

Art/DT: The half term we will be learning about architecture and sculpture. We will be looking at designing and creating our own sculpture.

I.C.T:

In ICT the children will be learning to use multimedia to create digital books. They will be using programmes such as book creator to import images and text.
