

Literacy:

- This half term we will be looking at a variety of stories written by the same author. The children will compare these stories and write their own. We will also be looking at a variety of fiction and non-fiction books that will support the children in writing explanations and instructions.

Numeracy:

-This half term we are going to be looking at using a variety of different maths skills to further the learning of fractions, 2D and 3D shapes and measurement- looking at measuring length/ height, mass and capacity!

Science:

This half term we are going to be learning about everyday materials. The children will explore different types of materials first hand and they will carry out investigations to find out about materials and their properties.

R.E: Christian community- caring!

- Children will explore the Christian community in RE and they will be looking at how they care for each other. They will learn about this through the use of role play, art, reading, writing, cookery and ICT.

Year 2
Miss Murphy
Curriculum Overview
Term: Spring 1

Music:

The children will be taught music by a specialist music teacher. They will learn how to play a selection of instruments to music.

PSHE/ GAPS: Careers!

The children will learn about and gain an insight into health careers. We will have a visit from a real paramedic!

These are the areas of the curriculum your child will be studying this half term. If you have any relevant experiences or expertise which you can share with the children please let us know.

P.E: Gym!

The children will learn a number of gym skills including balance and flexibility. They will then transfer these skills onto apparatus. Children will create their own gym routines.

History/ Geography:

History. History of our community!

- Children will learn all about the history of our community! Children will explore the history of football, art, food and music through a range of exciting activities including ICT, art, cookery, reading, writing and maps!

Art/ DT: This half term we will be looking at drawing in detail! The children will learn how to use a pencil in different ways to draw using different techniques.

I.C.T: The children will learn how to independently and correctly use applications on the IPad such as photostory to learn how to edit photographs and manipulate colour.
